Curbside Yard Waste Collection Policy

Mid-April – Early December

Containers: Grass or leaves must be in:

- Paper yard bags – **No** plastic bags (they will not be picked up)
These bags can be purchased at local retail stores or the Department of Public Works Building (\$.40 each)
- or-
- Rigid 30 gal. Containers
 - Labeled “Yard Waste”
 - 30 lb. limit per container

Brush & Trimmings:

- Bundle in 4-foot lengths for collection.
- No limbs larger than 4-inches in diameter
- Bundle with twin or rope – **No** wire (it gets caught in the chipper)
- 30 lb. limit per bundle.

Note: Sunset will run a separate truck for yard waste.

You may get next day pick-up in peak times because of volume (you may leave the properly bagged yard waste at curbside until picked up)

Questions? – Contact the Department of Public Works 724-4100.

- For large volume or trees that have been cut or have fallen down, contact the Department of Public Works.
- Do not rake leaves into the street, gutter or alleys, because it clogs storm drainage, makes a huge mess when plows go through and just pushes the waste somewhere else.
- Please do not set out the garbage until the night before pick up.
